

From Bart Centre, the creator and co-owner of the internationally celebrated Eternal Earth-Bound Pets post Rapture pet rescue business Its not often one encounters an opinionated camel with humor, biting wit, cutting sarcasm, unabashed irreverence, outright blasphemy, and on-point arguments for rational thought and against religious delusion. An advocate of reason and common sense, the author debunks traditional believer apologetics and challenges theist platitudes, while providing food for thought and debate fodder for the neophyte to intermediate atheist. With more than one hundred no-holds-barred, plain-speaking rants and essays on a variety of religious subjects, The Atheist Camel Chronicles is the go-to book to find a burr to place under the saddle of the holier than thou, or to glean retorts to the banal Truths that religionists use to bolster their faith in the face of the Scientific Age and 21st century reality. Sometimes funny, always hard hitting and thought provoking, this book belongs in the library of every atheist, agnostic and skeptic who engages in debate and discourse with the religiously afflicted.
