

For a short time, with free bonus story, Omegas Fate. Gail, an Omega, has been hiding from other shifters for over half a decade, determined to choose his own path in life, even if that means working two jobs. During the day he works at a bookstore and in the evenings he is an exotic dancer. Lucien and Cyrus, an Alpha and a Beta, love each other, a relationship condemned by shifter society, and have never felt the need to find an Omega. They sometimes pick up humans to spice things up, but never more. Until one night they end up in a bar, where they see a dancer they can't keep their eyes off. They want him, even if only for one night. But their families have other plans. In a desperate attempt to keep control over their lives, they will need to make the hardest decision yet: Are they ready to be parents? This is a full length romance novel, it contains steamy scenes and male pregnancy (mpreg). Adults only! This is the first book in the series.
