

Excerpt from The Brigand, a Romance of the Reign of Don Carlos: To Which Is Added Blanche De Beaulieu, a Story of the French Revolution In the tale before us, now translated for the first time, we are carried back to a period somewhat anterior to that dealt with in any other of the authors historical romances included in this edition. The great Emperor Charles V., whom we have seen in Ascanio, in the prime of life and the plenitude of power, passing through the dominions of his powerful rival, Francis I., whom he had but lately held in prison in Madrid, - the French king having fallen into his hands after the battle of Pavia, - and whom we have seen again in the Page of the Duke of Savoy, in the decline of life, laying aside his sceptre and resigning his vast dominions to his son Philip, preparatory to entering upon the life of monastic seclusion and retirement of which our own historian, Prescott, has given us so faithful and vivid a picture, - the same Charles is here presented to us at the outset of his career, when the vast projects which he subsequently went so far toward realizing were just beginning to take shape in his mind.
