

Tess is from an extremely traditional pack. Returning to her pack after four years away at college, as an unmated female, she must participate in an old pack ritual: the Chase. Unmated wolves from her pack pursue her and the one who catches her gets the ultimate prize: her as a mate. However, Tess knows how males treat their mates and wants no part of it, determined to evade capture during the chase but can she outrun and outsmart such strong males? Or will she be forced into mating with a male as bad, or perhaps worse, than her abusive father? ~\*~
