

Matthew Hammond has fallen into a lonely rut as a history teacher at a minor public school in rural England. He leads a life of complacent discontent, until a chance encounter with a mysterious yachtswoman in an East coast backwater leads him on a path from which there can be no return. With her motive unexplained, Alicia draws him inexorably towards a shared destiny. It is a fate he both fears and craves, as he embarks on an odyssey to regain a love lost almost as soon as it was found. Through extremes of anguish and physical torment, Matthew pursues his nemesis over land and sea in a quest fraught with unexpected peril. What he discovers about himself and the enigmatic Alicia has the power and resonant passion to alter both their lives, if only he can find her ...
