

It's been a peaceful two months in Blackpool since the battle at the Church of the Merciful Heart and the destruction of the vampire pack, but when human remains are discovered on Marton Mere, the police try to play it off as a wild animal attack. Teenage vampire Alex Hayden is not so easily convinced and soon reveals a cover up of the murders. However, he discovers that the truth is worse than he feared. A pack of Lycans have made their home in Blackpool and with the full moon just days away, it's up to Alex, detective Harry Shepherd and their friends to stop the werewolves before they kill again.
