

Love isn't supposed to hurt... right? Because if it is then almost everyone in the world is insane. What person in their right mind would want to be in something that's only going to hurt them in the end? Why not just live life free? No love, no hurt, no nothing. All of those were thoughts of the infamous Sonic Red. That was until he stumbled upon the independent, tough, bad girl; Jet Limits. For a moment, he thought she was the one woman that could tame him, but after finding out the identity of the company she'd been keeping, he's no longer sure. Secrets and a bad temper was all there was to Sonic Red. He was the womanizing fighter that could have anything and anyone he wanted because of the reputation he built for himself. In the beginning, that had been intriguing to Jet, but now that he's finally opening up and allowing her to see the real him, she's ready to run for the nearest exit where he no longer exists. Being in love with a person that has a personality that's identical to yours may not always be a good thing, but it most definitely becomes a safe thing. With Jet and Sonic being so much alike, they're never blindsided by the other, always privy to what's next and prepared to fight until the end. Fall deeper in love with the bullheaded but passionate duo that not only refuses to lose against the world, but refuses to lose against their fight for love as well.
