

A Kasey Michaels Alphabet Regency Romance. Candice Murphy and her uncle Max con their way through the world impersonating Italian counts and African princes, duping the greedy into parting with their money in hopes of fattening their fortunes. Mark Antony Betancourt, Marquess of Coniston, stumbles onto the pair in the local guardhouse, and is immediately captivated by Candice's beauty, not to mention her avowal that the turbaned man next to her is the Maharajah of Budge-Budge. The Marquess is sure he knows their game, but it takes him longer to realize that Candice is as virtuous as she appears, and not open to casual seduction. Using wit and romance with a master's skill, Kasey Michaels aims for the heart and never misses. -- #1 New York Times Bestselling Author Nora Roberts
