

Scholars have often concentrated on the theological writings of St Athanasius (c. 296-373 AD) and on his influence as a religious leader, so that his contribution to the monastic life has not received due recognition. In these six letters addressed to monks, Athanasius is revealed as a wise spiritual guide and loving pastor, determined that the monks should receive sound teaching, so as to avoid the pitfalls of heresies current at that time. As Leslie Barnard notes in his Introduction, The permanent significance of these letters lies in their wisdom, moderation and balance.
