

From the number-one best-selling author. Former SAS operative Ben Hope is running for his life. Enlisted by the beautiful Leigh Llewellyn--world-famous opera star and Bens first love--to investigate her brothers mysterious death, Ben finds himself caught up in a centuries-old puzzle. The official line states that Oliver died whilst investigating Mozarts death, but the facts dont add up. Olivers research reveals that Mozart, a notable freemason, may have been killed by a shadowy and powerful splinter group of the cult. The only clues lie in an ancient letter, believed to have been written by Mozart himself. When Leigh and Ben receive video evidence of a ritual sacrifice being performed by hooded men, they realise the sect is still in existence today...and will stop at nothing to remain a secret. From the dreaming spires of Oxford to Venices labyrinthine canals, the majestic architecture of Vienna, and Slovenias snowy mountains, Ben and Leigh must forget the past and race across Europe to uncover the truth behind The Mozart Conspiracy.... An electrifying and utterly gripping must-read for fans of Dan Brown, Sam Bourne, and Ludlums Bourne series.
