

The bestselling Niki Slobodian series is now available in one action-packed collection. Between the Devil and the Deep Blue Sea Niki Slobodian sees things - things that aren't supposed to be there. Labeled an Abnormal by New Government, Niki's name is tacked onto the Registry, which seems to be getting longer these days. Now she can't work or she'll end up in the same place as her father: in prison. But with no money coming in, Niki is getting desperate. So when a mysterious client offers to get her off the Registry in exchange for taking his case, Niki jumps at the chance. All she has to do is round up a homicidal Dark that escaped from Hell and is cruising around the city in borrowed bodies. The murders are piling up, with Niki's notorious father somehow involved, and Niki running out of time. And it seems the Dark isn't the only thing that escaped... The Devil Is a Gentleman Where Niki goes, death is never far behind. Everyone Niki Slobodian knows hates Congressman Frank Bradley. He is the father of New Government, after all. He started the Registry, and the world adopted it. Bradley is the man who separated Abnormals and Normals, and made it a crime for Abnormals to exist. So when Bradley shows up at Niki's door bearing a terrible secret, then promptly disappears, she feels compelled to dig deeper. But the more Niki uncovers, the more danger she is in. A mysterious organization is out for her blood - literally - and her father's criminal past may not be as self-serving as she thought. There is also the matter of Niki's inscrutable employer Sam and the secret of his identity. With help from her partner Bobby Gage, Niki finds out just how little she knew about her family, and the truth of who she really is. Before the Devil Knows You're Dead The world's out of balance. The Creator is missing. And the war between Heaven and Hell has begun. Niki Slobodian came back, but there were side effects. She is filled with a strange power no one seems to be able to explain. Not even Sam. She is also plagued with strange visions whenever she touches anyone. This does nothing but complicate the fact that she may be the reason for the war raging in the streets of her own city. A war that could mean the end of humanity. Niki has always done whatever she had to for the people she loves, but this time is different. With carnage escalating and the people she cares for in danger, Niki and Sam must work together to save what is left of the world they both love. And with a psychotic archangel trying to assume the post of the Creator, with one slim chance to right the balance, the odds are against them. Nothing is ever easy for a Slobodian. Not even stopping a war that could unmake the world.
