

A new Dead Sea Scroll stuns the world. Is it a forgery or the end of Christianity? Disenchanted with his profession, Jay Hunt gave up a lucrative Wall Street career to become a backcountry tour guide. Soon after, an ancient manuscript is uncovered that reveals the Gospels were an orchestrated fiction written by a first-century sect at Qumran. Though its revelation stuns the world, Jay ignores it until his father, a retired Dead Sea Scrolls expert, gets in over his head investigating the scroll. Suspicious of numerous accidents, Jay follows a trail of clues that uncovers evidence of a grand plot that will tip the balance of world power. Marked for death by unknown assailants, Jay soon learns that the world's only chance to survive Armageddon depends on him deciphering cryptic messages in his quest for the truth.
