

The first volume recounting World War I as told through the eyes of Winston Churchill. Winston Churchill's superlative account of the prelude to and events of the First World War is a defining work of 20th-century history. With dramatic narrative power Churchill reconstructs the action on the Western and Eastern Fronts, the wars at sea and in the air, and the advent of tanks and U-boats. Rich with personal insights, the first part of Churchill's magisterial book covers the years 1911-1914 and includes Ireland and the European balance, the mobilization of the Navy, the invasion of France, and Turkey and the Balkans.
