

Magical species must never mix. Enter the magical world of Poppy Dennison's Triad series, where mages, werewolves, and vampires live, roam, fight, and love. In *Mind Magic*, Simon, an apprentice mage, and Gray, an alpha wolf, must join forces to protect the pack, even as they struggle to resist the temptation that threatens to destroy them both. In *Body Magic*, someone declares war on shifters and puts the entire pack in danger. Cade and Rocky will need each other's strengths to survive the impending battle and the power of their growing attraction. In *Soul Magic*, Simon Osborne and Gray Townsend are trying to fight a being history says shouldn't exist one with all three types of magic. The pack must use all of their resources to combat the mysterious triad, even turning to the shady Council of Mages for help. And in *Wild Magic*, meet Joseph, heartbroken when his childhood best friend Dominick Levent moved away, who meets him again as an adult... and a mountain lion shifter.
