

LOSE YOUR HEART TO WILD ROMANCE! Kim Nichols trusted the wrong man to give her heart to. Now shes in South Africa on a 3-month sabbatical to forget the ex who cheated on her. But deplorable conditions at a local zoo and the plight of one giraffe in particular spur her to track down the owner and advocate for the animals. Billionaire Brent Sher has invested in several animal-related businesses, including a zoo and a safari lodge, whose day-to-day runnings are managed by Jabu Amahle, his trusted right-hand man. Vexed by the accusations made by one very outraged teacher from the States, Brent invites the strong-minded beauty to assist him in a hands-on undercover investigation. A growing trail of company abuses points to widespread corruption by Jabu. As Kim and Brent gather evidence and the net tightens, a desperate Jabu resorts to a chilling act that puts Kims giraffe, the zoo, and the couple themselves in imminent danger. To survive, Kim and Brent must not only work together but put aside past betrayals, open their hearts, and learn to trust again. _____ All books in the Wild Hearts Romance series are standalone reads. No particular reading order suggested.
