

Two years ago, Evie did the unthinkable. She put her cousin, the man she'd been raised with, before her husband. She had thought Anthony was just into small time crimes that would never hurt anyone. She was wrong. By the time her husband, FBI Special Agent, Kian Sloane, found out the truth, it was too late for his partner and best friend. Evie's cousin killed the agent in cold blood and was sentenced to prison. Evie couldn't forgive herself for her mistake, and it seemed her husband felt the same. When Kian turned cold and didn't even want to sleep in the same bed with her, she couldn't bear the hurt and filed for divorce. Now Kian is back, just when Evie thinks her heart has begun to heal, but Kian doesn't walk into the bar where she works for her ex-boyfriend in search of a reunion. Kian comes with the news that Anthony has escaped, and the FBI believes he wants revenge and to get Evie, the only family he knows. Evie must be protected and live with the man she still loves with all her heart. Will she and Kian get a second chance at love, or will Anthony and other devastating news tear them apart again?
