

En diciembre de 1949, Miguel Angel Asturias regresa a Guatemala para constatar, de primera mano, el sufrimiento que padece su pueblo con la abusiva explotacion de la todopoderosa United Fruit Company; tan solo seis meses despues vera la luz esta novela, Viento fuerte, que inaugura la portentosa Trilogia bananera. Pero Viento fuerte es mucho mas que una novela de "denuncia". El pulso magistral de Asturias, que seria reconocido con el Premio Nobel de Literatura en 1967, traza un aguafuerte casi termico de la lucha por la existencia, por donde emerge su gran aportacion a la Literatura universal: el "realismo magico"; tan crucial para la resolucio de esta novela. El Papa Verde (1953) y Los ojos de los enterrados (1960) "tambien publicadas en esta coleccion" completan la trilogia, dibujando el escenario total sobre como Guatemala fue convertida en una "republica bananera" y sus terribles consecuencias.
