

“Maybe I was stupid to have agreed to this, but when all of the options that you have in life are dangerous ones, you can only choose to do something reckless, or turn a blind eye and allow the cards to fall as they may” and I was sick of being blind. Seraph Black has endured a vicious stalker, a change of schools, a bonding, a triple-murder, and more than her fair share of uncomfortable situations; but it seems like the world isn’t done with her yet. The messenger is back with a systematic vengeance that knocks her flat, and not even her self-proclaimed secret-keepers are prepared for how far he is willing to go to get what he wants. She is walking on eggshells, trying to keep everyone at a distance. Especially those that are closest to her. Unfortunately, there is one person who keeps slipping through the cracks: Silas Quillan, the gift in her life that keeps on taking. Every time she turns around, he’s taking something else from her: her choices, her privacy, her freedom, her sanity and if she’s not careful, the the next victim might just be her heart. Warning: While this book is intended for a young adult audience, it is not recommended for persons younger than 15 years, due to some disturbing themes.
