

If you like to eat well but don't relish the thought of going to the supermarket on a rainy Sunday afternoon or are too tired to shop after work, this is the cookbook for you. *What to Cook When You Think There's Nothing in the House to Eat* puts your pantry to work, showing you how pasta, beans, canned tuna, eggs, and cheese can form the basis of nutritious, tasty, and easy meals. There are tips on selecting, purchasing, and storing ingredients, along with recipes that feature each ingredient. A box of spaghetti, for example, lasts longer than most marriages. Add olive oil, garlic, and a pinch of hot pepper, and you've got a meal -- Spaghetti Aglio Olio -- that anyone would applaud. This is not fancy food. It's everyday fare for those with even the most basic cooking skills.
