Wolves are the largest members of the dog family. Wolves are legendary because of their spine-tingling howl, which they use to communicate. From fleet-footed cheetahs to howling wolves, and from playful dolphins to earth-shaking elephants, the world of animals is wonderfully diverse. This popular. But wolves and humans have a long adversarial history. Though they almost never attack humans, wolves are considered one of the animal world's most. If you saw a wolf slinking toward another with its body lowered, its tail between its legs, and its ears flattened, you'd know it was approaching a dominant animal. Wolves and dogs are quite similar in many ways, however, in most cases, wolves are larger animals. Wolves generally Wolves are gregarious animals who mostly live in packs. A pack is made ..
