

Perhaps the most haunting and tragic love story ever written, Wuthering Heights is the tale of Heathcliff, a brooding, troubled orphan, and his doomed love for Catherine Earnshaw. His desire for her leads him to madness when Catherine is made to marry a wealthy lord, sending Heathcliff on a lifelong quest to avenge himself upon those who stole his only love and his life. In this gripping chronicle of the never-ending conflict between the heart and the mind-and the pain and passion of true romance-Emily Bronte created an unforgettable classic saga of love, desperation, vengeance, and forgiveness. Published just one year before Brontes death in 1848 at the age of thirty, Wuthering Heights endures as one of the worlds greatest love stories and a classic of English literature.
