While contemplation is a train of thought about something, meditation is training the mind to rest in a particular focus that leads to a connection to the source of consciousness itself.

In the Yoga Sutra, Patanjali gives instruction on how to meditate and describes what factors constitute a meditation practice. The second sutra. The entire process of yoga sadhana (meditation and contemplation practices) is to reduce the colorings of attractions, aversions, and fears that usually veil that realization (often called Self-realization). This is done by systematically receding inward through senses, body, breath, conscious and unconscious mind.

That is taking contemplation as far as you can take contemplation. In Sanskrit yoga writings, concentration is termed dharana, and contemplation " dhyana.
